# FALL'S ELECTION IS 'UNANIMOUS'

(Continued From Page 12.)

When they voted to adopt the resolution ratifying the action of the two houses in electing A. B. Fall as senator. When the legislature met in joint assembly at noon Wednesday and the journals of the two houses were read and compared, the lieutenant governor presiding, and it was announced that a comparison of the journals showed Albert B. Fall had been elected senator for a six-year term commencing March 4, 1913. Holt moved a recess of 10 minutes. When the assembly reconvened, Llewellyn moved a roll call. This showed every member present but senator Barth, who had been called out of town. Llewellyn then introduced the following resolution:

It resolved, by the legislature of the state of New Mexico, in joint session assembled, that the separate action of the house of representatives of the legislature of New Mexico and the separate action of the senate of the legislature of New Mexico, in electing Albert B. Fall as senator for a six-year term commencing March 4, 1913, be and the same is hereby ratified, and that upon this resolution the roll of the members of the joint session of the legislature be called.

The Republicans then moved its passage on roll call. The roll was called and every member present, regardless of politics, voted for the adoption of the resolution except Mullens (Democrat), Smith (Democrat) and Marcos C. De Baca (Progressive). After the joint session had dissolved, hearing the Republicans on all sides jubilating on Fall's practically unanimous election, the Democrats commenced to see that in voting for the adoption of this resolution they had in reality been voting for Fall, since the action of the joint assembly was the result transmitted to Washington.

**President Elect Does Not Feel Bound to Confine Himself to the Names Suggested to Him.**  
Philadelphia, Pa., Jan. 31.—President elect Wilson does not feel that he is limited in picking his cabinet from the men suggested to him by friends of candidates. He said there was no justification for the inference that he was to appoint Bryan his secretary of state. He is here today to see a dentist. He certainly will not feel bound to confine himself merely to names that have been suggested to me," he said.

# SAFE BLOWERS GAG NIGHT WATCHMAN

Chicago, Ill., Jan. 31.—For four hours early today, night watchman Michael Roser, 65 years old, lay bound and gagged on a floor in a north side apartment store, where he had been left by safe blowers and watched the smoke curling up from smoldering blankets used by the thieves to deaden the sound of an explosion.

Fearful that he would be burned to death without being able to give an alarm, Roser made a superhuman effort to free himself when he saw the blankets start to blaze and succeeded. When the firemen arrived the interior of the building was in flame and the structure and contents were destroyed with a loss of \$75,000.

The safe blowers, four in number, broke into the store shortly after midnight and, after blowing open the safe, escaped with \$1200.

# SUFFRAGETS NOW USING SLUNGSHOTS

London, England, Jan. 31.—The suffragettes today adopted the slungshot as a weapon in their campaign. With the heavy iron slungshot they hurled "Votes for Women." Because of the weapon's newness, their aim is not good and the damage thus far caused has not been great.

An actress named "Jackie" Melford was charged with slungshotting a window of the London and Lancashire bank. She was fined \$10, or a month's imprisonment. Her father paid the fine.

Several thousand letters were destroyed today in fires set by the women to the contents of mail boxes.
